

TEAM MANAGER MEETING MINUTES EMACI 2024 TORUŃ

Tuesday 19th MARCH 2024

Opening by Gionavanni Tracaneli

Yesterday the European Masters Awards were presented. If any 'award-winning athletes', who were unable to attend yesterday, arrive in the coming days please inform Giovanni so that he can plan an additional ceremony on one of the last days.

Ivan Pukšar: Everything runs smoothly. There were not many problems.

One written question, but it has already been solved.

Sometimes there are some technical problems with on-line confirmations. Team Managers are reminded that they can confirm athletes themselves (without passport of the athlete). There is no black list.

If an athlete has two events at the same time, he has to report it in the callroom, so that he can move on to the next event without confirming in the callroom in between.

Germany: what, if an athlete is competing in the pentathlon (indoor) and at the same time he has to compete in Javelin (outdoor)? It is O.K. to leave the venue in between to go to the other event.

No further questions.

Update from Gothenburg (WMACS 2024): there will be four venues; around 1.000 athletes have registered so far, from 68 countries.

We are all welcome in Sweden, this summer.

Short presentation of the European Off Road Championships 29 May - 1 June 2025 in Catania (Sicily, Italy).

Team Manager Meeting Minutes are published on EMACI2024Torun website and on EMA website.

Next Team Manager Meeting:

Wednesday 20th March at 9:00 a.m.
