

TEAM MANAGER MEETING MINUTES EMACI 2024 TORUŃ

Wednesday 20th MARCH 2024

Opening by Gionavanni Tracaneli

Ivan Pukšar: Yesterday there were no problems, except for the 800m. It has been solved now.

W40 and W60 will not run heats, but will go directly to the final on Thursday.

According to the 1.500m.: the standard is to have the maximum of 12 athletes in one run, but in the (semi)-finals this may be a maximum of 16. (M45: there will be 3 heats instead of 4).

Seeding: the fastest athlete enters lane 5, second fastest lane 6, then: 4, 3, 1, 2 (if possible, lane 1 will not be used, unless an (mostly older) athlete requires for it).

Requests for preference for lane 1 can be send by e-mail.

For seeding: in the second round of an event, the times from the first round are used.

Questions:

Romania: would it be possible to have a screen in the callroom, to give athletes the opportunity to follow the competition by the live stream? Krzysztof final answer: he tried to arrange this, but unfortunately it was not successful.

Gr.Br. and N.I.: again the question whether there can be lower hurdles (60-68) for practicing in the warm-up area?

Austria: today we had no problem with protesting farmers; hopefully there won't be one tomorrow, for the Race Walk.

Presentation of the WMA marathon in Bukarest by Valeriu Rosetnič.

Explanation about the EMA Circuit by Luciano Fasce; EMA Secretary Clarisse Duarte will provide further explanation when more details are known.

Presentation of the Masters Meeting in Bellinzona (Switzerland) on 24 September 2024 by Andreas Habermacher.
