

TEAM MANAGER MEETING MINUTES EMACI 2024 TORUŃ

Friday 22nd MARCH 2024

Opening by Gionavanni Tracaneli

Vesna Repic: Marathon: remember that the athletes must pass to collect their chip AND pass through the call room. Personal refreshments must be delivered before 9:00 at the refreshment table(s), only at the 5K and the 15K refreshing stations. At the 10K refreshment station there will be: water and chocolate; at 20K: water and bananas.

Callroom (before starting line) will be divided into 3 departments:

- Men, - Women, - Polish athletes.

There will be not many 'non EMACI-runners' (± 40) in the mass-start.

Finland: will there be split times? Not known yet.

Medal ceremonies for the marathon will be (contrary to what was written in yesterday's minutes) in the ARENA.

Ivan Pukšar The rules of exchanging for the relays:

the first runners start in lanes; the first exchange takes place in lanes. All second runners can go to lane 1, after their first curve. Third and fourth athletes will be placed in a row (in the order of the athletes after 300m, c.q. 500m.). Judges will place them in the correct positions.

Bibs with the country codes for every fourth runner will be provided in the callroom.

In 200m. final W60 one Norwegian athlete has rejected, so if the 'next' athlete (from GR.Br.) wants to run, it is possible (please submit).

There have been a few accidents in the high jump; athletes injured their heads while jumping. Some went to hospital, but they are all okay now.

So far we have only had one Appeal.

Questions

Ireland: for the next time, please do not schedule f.e. the 60m. final late in the evening and then the heats of the 200m early the next morning.

Czech: what will the callroom time for the relays? 20 minutes before the start.

Short presentation of EMACS 2025 Madeira by Clarisse Duarte.
